DETAILED ACTION

1. This action is in response to applicant's response filed on July 23, 2007. **Claims 1-17** are pending in the present application.

Drawings

2. With the submission of the new drawings of Figures 1 and 2, the objection to the drawings is withdrawn.

Specification

3. The amendment to the specification is approved.

REASONS FOR ALLOWANCE

4. The following is an examiner's statement of reasons for allowance:

Claim 1 recites a bridge circuit for echo suppression for a reception signal of a communication device connected to a transmission line and limitations for the following: " a variable simulation device coupled to at least one circuit section of the at least one bridge branch, the variable simulation device configured to simulate the at least one circuit section of the at least one bridge branch and to balance the bridge circuit, wherein the

at least one bridge branch comprises at least three circuit sections for balancing". Examiner interprets the at least one bridge, as shown in Fig. 1, comprising three circuit sections, Z3, Z4 and Z5. Fig. 2 has two bridges, each comprises three circuit sections (Z31, Z41, Z51) and (Z32, Z42, and Z42). The specification supports this limitation [Para: 0024; 0029]. Figs. 1 and 2 illustrate the bridge arrangement. The amendment to the claim has overcome the prior art of record. Therefore, claim 1 is indicated allowable.

Claim 9 is essentially similar to claim 1 and hence is indicated allowable. Further, claims 2-8 being dependent from claim 1 and claim 10-17 being dependent from claim 9 are also indicated allowable.

New search updates reveal no other prior art which teaches the limitations in the context of the claims.

5. The claims have been re-numbered as follows:

CLAIMS NUMBER (ORIGINAL)	CLAIMS NUMBER (FINAL)
1-17	1-17

Claim no. 1 along with figure number 2 will be published in the Official Gazette.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ramnandan Singh whose telephone number is (571) 272-7529. The examiner can normally be reached on M-TH (8:00-5:30).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Fan Tsang can be reached on (571) 272-7547. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
